Excel Gantt Chart by Robert McQuaig Blog Article: Gantt Chart Template For Excel All Template Excel Templates by Robert McQuaig © 2012-2013 Robert McQuaig Blog Robert McQuaig Blog

General Notes:

Fill in the gantt chart by completing in the sections on rows 6 through 86.

Enter the start/finish date to generate the bars for the timeline.

This template is unresetricted, and no hard/fast followed rules to the arrangement of tasks. Simply add/delete information as you see fit.

To add new rows to the gantt chart, simple insert a new line above the last row, and copy (fill-copy) the rows to meet your needs.

IMPORTANT: If you aren't using all these tabs in your plans, delete what you aren't using (prevents files from getting "bloated").
